

CURRICULUM VITAE

March 2018

NAME: Mary M. Yoklavich

ORGANIZATION: (retired 12/31/2017)
National Oceanic & Atmospheric Administration
National Marine Fisheries Service
Southwest Fisheries Science Center
Fisheries Ecology Division
110 McAllister Way
Santa Cruz, CA 95060

CONTACT: Email: marymyok@gmail.com

PRESENT POSITION: Research Fishery Biologist

DISCIPLINE: Coastal Marine Fisheries and Habitat Ecology

EDUCATION: B.A., Biological Sciences, Univ.of California, Santa Barbara (1973)
M.S., Marine Sciences, Moss Landing Marine Labs, San Francisco State University (1982)

EXPERIENCE: **1999-2017**, Research Fishery Biologist, Supervisor Habitat Ecology Team Leader, NMFS, Santa Cruz, CA
1991-1999, Research Fishery Biologist, NMFS, Pacific Fisheries Environmental Lab, Pacific Grove, CA
1989-1991, Research Associate, Moss Landing Marine Labs and Elkhorn Slough Foundation, CA
1988-1989, Research Fishery Biologist, NMFS, Alaska Fisheries Science Center, Seattle, WA
1984-1988, Senior Research Assistant, Oregon State University, College of Oceanic and Atmospheric Sciences, Newport, OR
1980-1984, Research Assistant, Oregon State University, Oceanic & Atmospheric Sciences

RESEARCH INTERESTS: Species-habitat associations of demersal fishes and deepsea corals. Developing methods to survey and characterize demersal habitats. Stock assessment improvements. Marine protected areas. Environmental effects on coastal marine demersal communities.

HONORS AND AWARDS:

- NOAA Fisheries 'The Nancy Foster Habitat Conservation' Award, 2012
- Professional Researcher, UCSC Institute of Marine Sciences, 2000-
- NMFS Best Paper Award, Fishery Bulletin, 2008
- Best Poster Presentation, Western Groundfish Conference, 2008
- Dep. Commerce Bronze Medal-Superior Federal Service, 2008
- National Outdoor Book Award, Nature Guidebook Category, Honorable Mention, 2003
- NOAA Fisheries Employee of the Year Award, 2002
- NMFS Special Service Achievement Award, 2002
- Fellow, American Institute of Fishery Research Biologists, 2002
- Dep. Commerce Bronze Medal-Superior Federal Service, 2002
- Distinguished Fellow, Science and Technology, CA State University Monterey Bay, 2000
- Dep. Commerce Bronze Medal-Superior Federal Service, 1998
- Nominee for Pew Fellows Program in Marine Conservation, 1998
- NOAA Monterey Bay National Marine Sanctuary Science Award, 1998
- Best Research Poster, Monterey Bay National Marine Sanctuary Annual Meeting, 1998 and 2002
- NOAA Performance Awards: 1988, 1992-98, 2002-03
- NMFS Honorable Mention: Outstanding Publication Fishery Bull. 1987

SELECTED SERVICE ON SCIENTIFIC COMMITTEES:

- Member of Scientific Editorial Board, Fishery Bulletin, US 2010-2017
- NMFS Untrawlable Habitat Strategic Initiative Plan Team, 2013-2017
- NMFS Fisheries Habitat Science Working Group, 2010-2017
- NOAA Deep Sea Coral Committee, 2006-2017
- NOAA Deep Sea Coral West Coast Plan Team, 2009-2014
- Pacific Fisheries Management Council, EFH Review Committee, 2008-14
- NMFS Steering Committee, National Habitat Assessment, 2009-10
- Chair, National Habitat Assessment Improvement Plan, 2008-2010
- Co-chair, Western Groundfish Conference, 1998 and 2008
- American Fisheries Society - Award of Excellence Committee, 2007
- State of California Marine Life Protection Act Initiative, Appointed Baseline Science-Management Panel Member, 2006
- State of California Marine Life Protection Act, Appointed Master Plan Team, 2000-2004; Appointed Science Advisory Team, 2005-2006
- Pacific Fisheries Management Council, Advisory Committees on Marine Reserves, 1999-2001; West Coast Groundfish EFH, 2002-2006
- National Center for Ecological Analysis and Synthesis (NCEAS) "Development of Tools for the Practical Design of Marine Reserves" Working Group Member, 2002-2004
- NOAA-NMFS Protected Resources panel member for "Candidate Species" to the Threatened and Endangered Species List, 1997-2002
- NOAA-NMFS Essential Groundfish Habitat Core Team, 1996
- NOAA-NMFS Advisory Team on Gear Impacts, 1998

- NOAA/National Geographic Society Sustainable Seas Expedition, trained pilot of *Deepworker 2000* manned submersible, 1999
- Convened CalCOFI Annual Symposium on Marine Reserves, 1998
- Convened Workshop: Marine Refugia For West Coast Rockfish, 1997
- AFS-Outstanding Mar. Fish. Biol. Nom. Comm., 1994-96; chair 1995-96
- Monterey Bay National Marine Sanctuary Research Activities Panel, 1993-present; co-chair Monterey Bay Research Symposium, 1995
- Elkhorn Slough Nat'l Ecol. Research Reserve Committee, 1993-2001; member of Elkhorn Slough Foundation Governing Board, 1996-1999
- American Fisheries Society, Marine Section Secretary/Treas. 1992-94

SERVICE ON GRADUATE STUDENT COMMITTEES:

Moss Landing Marine Laboratories Master's in Marine Science:

Sullivan, D.E. (Marine Geology, 1994); Nishimoto, M. (Ichthyology, 1996); Johnson, K. (Ichthyology, 1997); Daly B. (Ichthyology, 1997); Schlining, K. (Invertebrate Zoology, 1999); Field, J. (Ichthyology, 2005)

Washington State University, Environmental Science Program:

Camellia Bianchi (2011); Kaitlin Graiff (2009)

SERVICE TO POST-DOCTORAL FELLOWS:

University of California Santa Cruz, Institute of Marine Science

- Cailliet, G.M. and M. Yoklavich. The importance of small-scale refugia to deepwater rockfishes (*Sebastes* sp) - a pilot study in Monterey Bay, CA. Sponsor: National Underseas Research Program, West Coast NURC (\$70K: 1992).
- Loeb, V., M. Yoklavich, G. Cailliet. The importance of transport processes in recruitment of rockfishes (Genus *Sebastes*) to nearshore areas of Monterey Bay, CA. Sponsor: University of California Sea Grant College System (\$77K: 1991-1993).

INVITED PRESENTATIONS:

Monitoring, modeling, and mapping demersal communities in untrawlable habitats. National Essential Fish Habitat Summit, Annapolis, MD (May 2016)

Demersal fishes, structure-forming invertebrates, and essential fish habitat: ecosystem data from visual surveys. 2016 Review of SWFSC Ecosystem Science. La Jolla, CA (April 2016)

Characterizing deep-sea coral communities in areas of high fishery bycatch off Northern California. Online Webinar to NOAAs Deep-sea Coral Coordination Group (January 2016)

FY16-17 Untrawlable Habitat Strategic Initiative Test Bed in Southern California. Via teleconference to NMFS Science Board Meeting. Newport, OR (January 2016)

FY16-17 Untrawlable Habitat Strategic Initiative Test Bed in Southern California. NMFS UHSI Advisory Board Meeting. Miami, FL (November 2015)

Associations of groundfishes and corals in the Southern California Bight. NMFS Deepsea Coral as Habitat Webinar Series (October 2014)

Conducting Groundfish Research using Human-Occupied Submersibles. Undersea Imaging Workshop, Red Bank, NJ (January 2014)

Online GIS Data Catalog to Support a Review of Essential Fish Habitat for Pacific Coast Groundfish. 3rd Meeting of Monterey Bay GIS User Group, Monterey Institute of International Studies (co-presented w/ C. Romsos, Oregon State University; April 2013)

SWFSC Methodologies To Survey Groundfishes in Untrawlable Habitats. NMFS Untrawlable Strategic Initiative Workshop, Seattle WA (June 2013)

Southwest Regional Initiative: Southern California Bight Habitat Assessment. Annual AFS Meetings, Minnesota (August 2012)

NOAAs Deep-sea Coral and Sponge Research Program on the West Coast of the U.S. 5th International Symposium on Deep-Sea Corals, Amsterdam, The Netherlands (Poster; Hourigan, Clarke, Yoklavich, April 2012)

Conducting visual surveys of rockfishes in untrawlable habitats using manned submersibles. AFS Annual Meeting, Seattle, WA (August 2011)

Habitat Ecology Team research on technologies, applications, and data management for benthic habitat assessments. Canadian Science Advisory Secretariat Regional Workshop, Sidney, BC (March 2010)

Developing and implementing the Habitat Assessment Improvement Plan. NMFS NHAW-NSAW, St. Petersburg, FL (May 2010)

Development of habitat-specific visual surveys to improve stock assessment of cowcod rockfish. Moss Landing Marine Labs. (April 2010)

NMFS' Habitat Assessment Improvement Plan. Pacific Fisheries Management Council. (September 2010)

Twenty years of research on demersal communities using the Delta submersible. Marine Habitat Technology for Alaska (April 2007)

A fishery independent assessment of cowcod using habitat maps and direct observation from a manned submersible. CA and World Oceans '06 Conference (September 2006)

Current programs and future direction of research on offshore demersal habitats at the SWFSC. NMFS Advanced Sampling Technologies Workshop on Essential Offshore Habitats (August 2006)

An update on California's MLPA process. NMFS MPA-Fishery Working Group (July 2006)

A fishery independent assessment of cowcod using habitat maps and direct observation from a manned submersible. NMFS National Stock Assessment Workshop (April 2006)

Using video and direct observations from manned mini-submersibles to survey fishes and habitats on the seafloor. AFS Annual Meeting, Symp. Using Video for Fishery Applications. (September 2005)

Surveying rockfishes in deep waters of the Channel Islands. Channel Islands Natl Park and Channel Islands Natl Marine Sanctuary 'From Shore to Sea' Lecture Series. Santa Barbara and Ventura (July 2005).

Seafloor mapping and visual surveys to improve assessments of groundfish species. USGS-NMFS Research Symposium, Santa Cruz (July 2005).

Research on deep water fishes and habitats off California. Centro de Investigacion Cientifica Y de Educacion Superior Encenada (CICESE) Departmental Seminar. Encenada, Baja CA. (June 2005).

Using video observations from submersibles and laser line scanners to survey benthic fishes, macro-invertebrates and habitat types in deepwater off California. NMFS Workshop on Underwater Video Analysis. (May 2005).

Planning for and Designing Networks of Marine Protected Areas on the California Coast. Moss Landing Marine Labs. Graduate Class "Conservation Biology of Marine Vertebrates" (May 2005).

A Fishery Independent Assessment of Cowcod In Southern California's Cowcod Conservation Areas Using Direct Observations from an Occupied Submersible. PFMC STAR panel meeting. Long Beach, CA (May 2005).

The Status of the draft EIS for Essential Fish Habitat of West coast Groundfish. Monterey Bay National Marine Sanctuary Research Activity Panel Meeting. (April 2005).

A Fishery Independent Assessment of Cowcod In Southern California's Cowcod Conservation Areas Using Direct Observations from an Occupied Submersible. Independent Review Panel, Southwest Fisheries Science Center, La Jolla, CA. (December 2004).

Lights, Cameras, Action...using video and manned mini-submersibles to count rockfishes in their own backyard. Annual AAAS Meeting. Washington DC (November 2004).

Expedition into the deep: counting rockfishes in their own backyard. University of California Davis, Bodega Marine Lab. (October 2004)

University of Oregon Institute Marine Biology (June 2004)

Friends of Moss Landing Marine Labs Lecture Series (March 2004)

Laser line scan to survey benthic habitats in the Monterey Bay National Marine Sanctuary. Oceans 2003, San Diego, CA (Sept 2003)

Submarine Canyons as Refugia for Overfished Species. The Biogeography of Seamounts and Submarine Canyons: A Census of Marine Life Workshop, Newport, OR(August 2003)

Scientific Foundation to Evaluate Ecological Recovery in California's Cowcod Conservation Areas, 133rd Annual Meeting of American Fisheries Society, Quebec City, Canada (August 2003).

Survey techniques for deepwater fishes. Moss Landing Marine Laboratories, Deepsea Ecology Seminar Class (November 2002)

NMFS Essential Fish Habitat Research on the West Coast. California's Artificial Reef Enhancement Workshop, Huntington Beach (Nov. 2002)

Fish assemblages and habitats in the Big Creek Ecological Reserve and improving its role within an effective network of MPAs for California. American Institute of Fishery Research Biologists-Northern CA District, San Jose, CA (March 2002)

Draft Concept of MPA Network for the South-Central California Coast. Marine Life Protection Act Public Workshops, Seaside and Morro Bay CA (July 2001)

Progress and plans for MPAs on the West Coast. Marine Conservation Biology Institute 2nd Annual Meeting, San Francisco, CA (June 2001)

Marine Protected Areas for California. Moss Landing Marine Laboratories, Marine Fisheries Seminar Class (October 2000)

Marine Reserves: Phase I Technical Analysis. Pacific Fisheries Management Council, Portland, OR (April 2000).

Deepwater Habitats in Marine Protected Areas. AFS California-Nevada 34th Annual Meeting, Plenary Session "Essential Marine and Freshwater Habitats". Ventura, CA (March 2000).

Overview of joint NOAA/ESA development of marine habitat classification scheme. CA Marine Habitat Mapping Task Force, Monterey, CA (Jan 2000).

Deepwater Habitats and Harvest Refugia for West Coast Rockfishes. 80th Annual Meeting of Western Society of Naturalists, Symposium "Marine Reserves: Tools for Sustaining Marine Ecosystems and Fishery Populations". Monterey, CA (December 1999).

Workshop on National Marine and Estuarine Classification System. Ecological Society of America/NOAA, Long Key, FL (Nov. 1999)

Marine Reserves to Conserve Rockfishes on the West Coast. University of Washington, Fisheries Departmental Seminar, Seattle (September 1999)

Adding Depth (Z) to the Discussion of Marine Reserves. NRC Ocean Studies Board, Monterey, CA (May 1999).

Habitats and distribution of bocaccio rockfish. Pacific Fisheries Management Council, Sacramento, CA (April 1999).

An Introduction to A Continuing Dialog on No-take Reserves for Resource Management. CalCOFI Annual Meeting, Pacific Grove, CA (November 1998).

Marine Reserves: Research and Fisheries Management. American Cetacean Society, Monterey Bay Chapter. Hopkins Marine Station, CA (October 1998).

Biological Integrity of Temperate Eastern Pacific Benthic Fish Communities, 128th Annual Meeting of American Fisheries Society, Hartford, CT (August 1998).

Deepwater fishes and their habitats in and around the Big Creek Marine Ecological Reserve, Fred Farr Research Symp., Landels-Hill Big Creek Reserve, CA (July 1998).

Using Geophysical Techniques to Address the Research Needs For West Coast Groundfish Habitats, USGS/NOAA Workshop "Relating Geology of Benthic Habitats to Biological Resources", Reston, VA (May 1998).

Marine harvest refugia for west coast rockfishes, Pacific Fisheries Management Council Panel, Portland, OR (April 1998).

Status of stocks and summary of workshop on marine harvest refugia for west coast rockfishes, World Wildlife Fund Annual Meeting and Marine Leadership Committee, Monterey Bay Aquarium, CA (April 1998).

NMFS's Efforts On Essential Fish Habitat, CA Fish Game, Monterey (March 1998).

Sensing essential benthic fish habitats in deep water. Marine Benthic Habitats Conference, Noumea, New Caledonia (November 1997).

Coastal Rockfish Biology and Fisheries. Humboldt Chapter of American Fisheries Society. Humboldt State University, CA (October 1997).

Sensing Essential Fish Habitats In Deep Water. Annual Meeting of American Fisheries Society: Special Symp. "Innovative Technologies For Fisheries Applications", Monterey, CA (August 1997).

Rockfish Refuges In Deepwater Canyons. Annual Meeting of the Pacific Division AAAS: Special Symp. "Research in Support of Sanctuaries and Reserves", San Jose State University, CA (June 1996).

Shallow water organisms and habitats. West Coast National Undersea Research Center: Monterey Bay Research Initiative Workshop, Moss Landing, CA (May 1996).

Coastal rockfishes: surviving to old age in a sea of technology. The Friends of Long Marine Laboratory 4th Annual Marine Science Lecture Series: "Beneath the Surface", Santa Cruz, CA (October 1995).

The Importance of small-scale refugia to deepwater rockfishes: a pilot study in Soquel Canyon, Monterey Bay, CA. Special symposium "Application of In Situ Technology in Fisheries Research - With an Emphasis on Direct Observation", Amer.Fish. Soc. Annual Meeting, Portland, OR (August 1993).

Long-term variability in growth of rockfishes and their environment. International Symposium Fish Otolith Research and Application, Hilton Head, SC (January 1993).

OTHER PRESENTATIONS:

Associations between deep-sea coral/sponge assemblages and demersal fishes in the Southern California Bight. 6th International Symposium on Deep-sea Corals in Boston MA (poster; Henderson, Huff, Yoklavich; September 2016).

Densities and behaviors of Pacific groundfishes from visual surveys. 19th Annual Western Groundfish Conference, Newport, OR (Laidig and Yoklavich, February 2016)

Diet composition and foraging ecology of US West Coast groundfishes, with application for fisheries management. 19th Annual Western Groundfish Conference, Newport, OR (Bizzarro, Yoklavich, Wakefield; February 2016)

Prey composition and foraging ecology as components of groundfish EFH. AFS Annual Meeting GUTShop symposium, Portland, OR (Bizzarro, Yoklavich, Wakefield; August 2015)

Co-convended Summit on Role of Deepsea Corals and Sponges as Habitat for Managed Species. NOAA Seattle, WA (March 2015)

Habitat-based predictive models and maps of rockfish abundance off California. National Scientific and Statistical Committee Workshop, Honolulu, HI (poster; February 2015)

Co-convended web-based seminar series on role of corals and sponges as habitat for fishes. <https://swfsc.noaa.gov/DeepseaCoralSeminars/> (October-February 2014-15)

Environmental factors that influence distribution and biotic interactions of Christmas tree corals in Southern California Bight. Ocean Sciences Meetings, Honolulu, HI (Huff, Yoklavich, et al. January 2014)

Predictive Mapping of Groundfish Species to Advance Stock Assessment. 12th International Symposium: Geohab 2013, Rome Italy (Wedding and Yoklavich; July 2013)

Data to Support a Review of Essential Fish Habitat for Pacific Coast Groundfish. Oregon Marine Renewable Energy Environmental Science Conference, Corvallis, OR (Wakefield, Yoklavich, et al. November 2012)

Models and Maps: predicting the distribution of corals and other benthic macroinvertebrates in deep water. GEOHAB Conference, Orcas I., WA (Krigsman and Yoklavich; May 2012)

Data products to support a 5-year review of essential fish habitat for Pacific groundfish. GeoHab Conference, Orcas I., WA (May 2012)

Development of a marine fisheries habitat assessment improvement plan: a national plan to advance marine habitat science. Western Groundfish Conference (February 2010)

Spatial and temporal variability in growth of yelloweye rockfish. (Black, Boehlert, Yoklavich) 15th Western Groundfish Conference, Santa Cruz, CA (February 2008).

Fishing intensity and abundance of megafaunal invertebrates within Monterey Bay National Marine Sanctuary. (Graiff, Tissot, Yoklavich). 15th Western Groundfish Conference, Santa Cruz, CA (February 2008).

Demersal fish and habitat off central CA from in situ observations. (Laidig, Watters, Yoklavich) 15th Western Groundfish Conference, Santa Cruz, CA (February 2008).

Abundance and distribution of megafaunal invertebrates in the new central CA MPAs. (Tissot, Starr, Yoklavich, et al.) 15th Western Groundfish Conference, Santa Cruz, CA (February 2008).

Assessment of derelict fishing gear and marine debris in deepwater. (Watters, Yoklavich, Love) 15th Western Groundfish Conference, Santa Cruz, CA (February 2008).

Assessing some sources of uncertainty associated with visual surveys of benthic fishes using an occupied submersible. 14th Western Groundfish Conference. Newport, OR (January 2006).

Predation, competition, and the recovery of overexploited fish stocks in marine reserves (Baskett, Yoklavich, Love). 14th Western Groundfish Conference. Newport, OR (January 2006).

Otoliths, tree rings, and climate: long-term growth reconstructions and effects of ocean variability on splitnose rockfish (Black, Boehlert, Yoklavich). 14th Western Groundfish Conference. Newport, OR (January 2006).

Comparison of fish assemblages from paired longline and submersible surveys (Laidig, Yoklavich, Pearson). 14th Western Groundfish Conference. Newport, OR (January 2006).

Comparison of 1993 and 2004 submersible surveys off Monterey, CA (Starr, Yoklavich, Burton, deMarignac, Greenley, Snook). 14th Western Groundfish Conference. Newport, OR (January 2006).

Abundance and distribution of megafaunal invertebrates in submarine canyons and their ecological associations with groundfish (Bianchi, Tissot, Yoklavich). 14th Western Groundfish Conference. Newport, OR (January 2006).

Importance of large invertebrates as components of fish habitat: a synthesis of results from Pacific continental shelves (Tissot, Yoklavich, Love, Wakefield). 14th Western Groundfish Conference. Newport, OR (January 2006).

Evaluating Recovery in the Cowcod Conservation Areas off Southern California. 13th Western Groundfish Conference. Victoria, British Columbia (February 2004).

Laser line scan technology to characterize deepwater habitats and associated organisms. GeoHab: Marine Geological Habitat Mapping Conference, Moss Landing, CA (May 2002).

SFS Overfishing Status vs. ESA Threatened/Endangered Listing As Applied to West Coast Groundfish. F/PR Candidate Species Workshop, Silver Spring, MD (August 2001).

Progress and Plans for Marine Protected Areas on the West Coast. F/PR Candidate Species Workshop, Silver Spring, MD (August 2001).

Deepwater Benthic Fish and Habitat Associations with a Marine Reserve off Central California. 11th Western Groundfish Conference, Sitka, AK (April 2000).

Mapping and classification of deep seafloor habitats. ICES/CM 2000. (2000) co-author.

Mapping Fish Habitats and Ocean Currents in Ecological Reserves. National Ocean Conference, Monterey, CA (June 1998).

Mapping Fish Habitats and Ocean Currents in Ecological Reserves. Western Groundfish Conference, Pacific Grove, CA. (February 1998).

Mapping benthic habitats and ocean currents in the vicinity of a marine protected area. Marine Benthic Habitats Conference, Noumea, New Caledonia (November 1997).

A geophysical approach to studying fish habitat: an example from Monterey Bay. Tiburon Laboratory NMFS, Winter Seminar Series, Tiburon, CA (November 1994).

Using sidescan sonar to evaluate rockfish habitat: example from Monterey Bay. Special workshop "Applications of sidescan sonar and laser line systems in fisheries research", Western Groundfish Conf., Nanaimo, B.C. (January 1994).

Rocks and fishes: submersible observations in a submarine canyon. American Academy of Underwater Sciences: 13th Annual Scientific Diving Symposium, Monterey CA (September 1993).
